

TENSHINKAN AIKIDO DOJO

INVITES YOU TO SEMINAR

ON OCT 27th – 29th 2017

WITH T. SCHOO, 6. Dan Seishinkai

Thorsten has been an Aikido pro since 1996. He was educated as an Aikido teacher by Christian Tissier (Paris) and has been strongly influenced by Inaba Minoru sensei (Tokyo) and Vladimir Vasiliev (Toronto). Thorsten has formed several yondans and many more sandans, all of them teaching Aikido themselves and forming the group of SEISHINKAI AIKIDO with its headquarter in Frankfurt, Germany (www.seishinkai.eu).

The 4-pillar-training of SEISHINKAI AIKIDO (Aikido/Jo-Jutsu/ Ken-Jutsu/ Basic martial arts) is fluid, adaptable and intuitive in the sense of using principles of movement first, then creating the technique. Do not be worried as a beginner, Thorsten will explain and show what you need to experiment yourself!

Instruction will be in English.
